ARMED RESPONSE AND PATROL

1-844-MAGEN-AM

(1-844-624-3626)

WE ARE HERE FOR YOU!

Magen Am is the only non-profit private security company in California. We operate a 24/7 Hotline and an armed Patrol and Response service in the La Brea/Hancock Park area. Our Patrol is funded exclusively through donations.

In order to respond as quickly as possible and be effective once we arrive, it is helpful for the caller to provide specific information. In the event of an emergency, having the right information can make the difference, so please review carefully.

TIPS FOR CALLING THE MAGEN AM HOTLINE

➤ Be specific about the location

It is VERY helpful to give compass directions, so we can arrive faster by approaching an incident from the correct side of the street, and not have to make a U-turn. Saying "On Detroit and Beverly" is helpful but saying "the shopping center on the northeast corner of Detroit and Beverly, in front of the pharmacy" is even better. Street addresses are preferable to only using landmarks. Not all of our patrol guards live locally so they may not know where a particular store or restaurant is located.

➤ Describing the suspect In detail

Even though Magen Am usually responds within minutes, suspects move frequently and may not be in the same location by the time we arrive, so please let us know which direction they are heading. In order to locate them, we need a good description. Include as much information as possible: gender, skin color, hair length and color, facial hair, noticeable tattoos, clothing type (sweater, t-shirt) and color.

➤ Stay in a safe location

While more information is better, Please DO NOT put yourself in danger. If you can't see the suspect clearly from the safety of your home or vehicle, DO NOT go outside to get a better look. NEVER confront someone who might be dangerous. A highly trained Patrol Officer will arrive soon and work with the information available.

➤ Make sure everyone knows these tips

Please make sure everyone else knows our Hotline number. Tell your friends, co-workers and members of your household the important location and description information they will need to give us if they need to call us.

24/7 Armed Response

PPO #120715

PATROL OFFICER

There are 5 full time, paid Patrol Officers who operate the patrol 24/7. This is an addition to the 40 volunteer armed guards embedded in our community shuls.

TOURNIQUET

A tool that can save a life during an incident that resulted in significant blood loss.

HANDCUFFS

These handcuffs are for an incident that requires the patrol officer to make an arrest before LAPD can arrive on scene.

FIREARM

Every patrol officer is trained & licensed to carry a firearm. This enables the officer to protect himself and the community in case of a life endangering incident.

TACTICAL VEST

This bulletproof vest provides an extra layer of protection for the patrol officer and allows the officer to keep additional tools in arms reach.

BODYCAM

This body cam captures footage of all patrol responses. This is paramount for filling reports and for training future officers.

DASHCAM

3 cameras are mounted on the vehicle to capture footage from incidents that may require LAPD involvement.

RADIO COMMUNICATIONS

Radio communication allows the patrol officer to stay in constant communication with the command center to give and receive all latest and relevant information.

LIGHT BAR

The flashing lights act as an additional deterrence and helps the patrol officer respond to an active incident in a timely fashion. Also provides illumination in darkened areas.

FIRST AID/STOP THE BLEED KIT

These well stocked medical kits can help save lives in the case of a critical incident.

PPO LICENSE

A Private Patrol Operator license is required by the state to operate a security organization that protects people and property.

PEPPER SPRAY

This tool that enables the patrol officer to subdue a suspect with less than lethal force when needed.

TASER

This non lethal tool enables the patrol officer to subdue a violent or resisting suspect without causing serious injury.

TACTICAL BOOTS

Proper boots allow the patrol officer to operate effectively regardless of the terrain.

HORN/PA SYSTEM

The loud horn and amplified Public Address System allows the patrol officer to give directions and make his presence known without having to leave the vehicle.

HIGH VISIBILITY VEHICLE

There are 6 vehicles in the Magen Am patrol fleet.

DETERRENCE

The Magen Am patrol logo is a clear message to criminals that it would benefit them to stay out of the area.
